**THE HON PETER GARRETT AM MP**, MINISTER FOR THE ENVIRONMENT, HERITAGE AND THE ARTS

On behalf of the Australian Government I'm thrilled to support the NFSA's Big Screen touring film festival in what I believe will be a successful and exciting year for our film industry. As a country we have embraced the idea of the 'festival' – its capacity to draw new audiences to the different art forms and its ability to celebrate Australia's artistic diversity – and we do it better than most. The growth of Big Screen since 2001 is a shining example and with over 30 venues from Karratha to Nambucca, regional communities are in for a real treat.
